EXPERIENCE

- Full Stack Developer**, The Tech Academy, Portland, OR Sept.2018 – Feb. 2019
Using agile and scrum methodologies I gained new experiences working with a team of developers to create an interestingly easy to use LMS portal for nearly 200 students.
- Instructor**, Coding With Kids, Portland, OR June 2018 – Sept.2018
Taught high school and middle school students Java, C/C++, and Python. Coordinated with management for implementing new teaching strategies, trained new hires.
- IT Technician**, PREMIER Bankcard, Sioux Falls, SD Feb. 2016 – Feb. 2018
Diagnosed and repaired both hardware and software related PC issues for the sales retention department.
- Technical Support Representative**, Midco, Sioux Falls, SD Sept. 2013 – Feb. 2016
Troubleshoot and fixed internet/cable/phone related issues. Processed regional complaints for internet company technicians (NOC tickets).
- Geek Squad Repair Technician**, Best Buy, Sioux Falls, SD Dec. 2012 – Sept. 2013
Created recovery discs with DOS and AppleScript. Troubleshoot and fixed both PC and Mac, software/hardware related issues.

EDUCATION

- The Tech Academy**, Portland, OR June 2018 – Sept. 2018
HTML5/CSS3, JavaScript, SQL, Version Control (Git and GitHub), MVC, C# & .NET Framework
- Udemy** Feb. 2018 – June 2018
Full Stack Web and Software Development including HTML/CSS, PHP, MySQL & MySQL Server, Python, JavaScript and jQuery, Mobile Apps, API's, C# and .NET Framework.
- USD, Beacom School of Business**, Sioux Falls, South Dakota Sep. 2013 – June 2015
Bachelors degree in Business Administration.
- Portland Community College**, Portland, OR Sept. 2009 – June 2012
Associate Degree in General Studies.
